

Drawing Sculpture

“The Myth”

-Grass should be encouraged around this site

-The base needs attention. Fill, and stones to keep fill from washing away are needed in key spots. Wooden shims must be replaced with stones. The grade around the sculpture needs to be corrected so it flows with the natural environment.

-Weed whack selectively; keep the blueberry bushes as much as possible

-Please refer to the “General Vision” for further thoughts as to the care of this sculpture
